

RACE & ETHNICITY STUDIES MINOR

Faculty

Coordinating Committee: Cymone Fourshey, Susan A. Reed

The minor in race & ethnicity studies takes an interdisciplinary approach to the study of race and ethnicity. What do these categories of difference mean? How have they been defined, constructed and applied in different historical and socio-cultural contexts? How do they intersect or overlap with other aspects of difference (e.g., gender, class, nation, sexuality, religion)? Exploring these questions with analytical tools and approaches developed in a range of academic disciplines, the minor leads to a critical examination of the construction of race and ethnicity in a variety of social, cultural, historical, political and economic contexts.

The minor consists of five courses to be taken from three categories:
